Mr. Chris Robbins
Public Information/Conservation Supervisor
Vallecitos Water District
201 Vallecitos de Oro
San Marcos, CA 92069

Dear Mr. Robbins:

It is with great pleasure that I inform you that Vallecitos Water District has been selected as a recipient of the 2020 Public Communications Achievement Award, recognizing AWWA members and/or organizations for significant accomplishments in communication—educating the public, promoting awareness and understanding of water issues, establishing media relations, implementing community involvement programs, and inspiring others to model behavior with the public that builds trust and credibility.

The citation approved by the AWWA Executive Committee at its 2020 winter meeting reads as follows:

For an Organization supporting between 5,000 -- 25,000 service connections.

In recognition of this high honor, the award will be presented to you at the 2020 AWWA Annual Conference in Orlando, Florida. Information on arrangements for the presentation will be sent to you later.

The association's Officers and Directors join me in congratulating you on receiving this very important Association award.

Sincerely,

A handwritten signature in black ink, appearing to read "David LaFrance".

David LaFrance
Chief Executive Officer
